#### INDEPENDENT AUDITOR'S REPORT

Board of Directors National MPS Society, Inc.

#### **Report on the Financial Statements**

We have audited the accompanying statements of financial position of National MPS Society, Inc. (the "Society") as of December 31, 2013 and 2012 and the related statements of activities, cash flows, and functional expenses for the years then ended and the related notes to the financial statements.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Society's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of National MPS Society, Inc. as of December 31, 2013 and 2012 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## NOTE 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Description of Programs**

The National MPS Society, Inc. (the "Society") is a not-for-profit organization dedicated to finding a cure for mucopolysaccharidosis ("MPS") and related diseases. To achieve this goal, the Society supports research, provides support to individuals and families affected by MPS or related diseases, and promotes public and professional awareness.

#### **Basis of Accounting and Use of Estimates**

The financial statements of the Society are prepared on the accrual basis of accounting and use estimates and assumptions in preparing those financials in accordance with U.S. Generally Accepted Accounting Principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that are used.

#### **Cash Equivalents**

Cash equivalents include all highly liquid investments with an original maturity of three months or less. Cash and cash equivalents includes \$201,831 and \$206,487 of money market mutual funds as of December 31, 2013 and 2012, respectively.

#### **Investments**

Investments consist of money market funds, certificates of deposits, fixed income securities, and mutual funds. The Society carries its investments in marketable securities with readily determinable fair values at their fair values on the statements of financial position. Unrealized and realized gains and losses are included in the statements of activities.

#### Fair Value of Assets and Liabilities

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally Accepted Accounting Principles establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- **Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in active markets where that particular asset or liability is not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- **Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

#### **Permanently Restricted Net Assets**

In 2006, the Society established an endowment fund to provide a permanent source of funding for its operations and overhead expenses. Contributions received for this fund are to be invested, used, and spent in accordance with the endowment fund's policy in perpetuity. As such these contributions are considered to be permanently restricted.

## NOTE 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Property and Equipment**

Property and equipment that are purchased are recorded at cost and depreciated using the straight-line method, over approximately three to five years. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Absent donor stipulations regarding how long those donated assets must be maintained, the Society reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Society reclassifies temporarily restricted net assets to unrestricted net assets at that time.

#### **Revenue Recognition**

Contributions are recognized when the donor makes an unconditional promise to give to the Society. Conditional promises to give are recognized only when the conditions on which they depend are substantially met.

Membership dues are recognized as revenue when earned.

Special event revenue is revenue recognized from events organized by volunteers or by the Society that generate income from fundraising functions designed to attract donors and raise awareness.

#### **Recognition of Donor Restrictions**

Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

#### **Donated Materials and Services**

Donated services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would have otherwise been purchased by the Society. Volunteers provide valuable services throughout the year that are not recognized as contributions in the financial statements because the recognition criteria was not met.

#### **Functional Allocation of Expenses**

The cost of providing the programs and other activities has been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among program and supporting services.

#### **Income Taxes**

The Society is a non-profit corporation that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is not considered a "private foundation" for tax purposes.

The Society's Forms 990, *Return of Organization Exempt from Income Tax*, for the years ended 2010, 2011, and 2012 are subject to examination by the Internal Revenue Service, generally for three years after they were filed.

## NOTE 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Subsequent Events**

Subsequent events are events or transactions that occur after the balance sheets date but before the financial statements are issued. The Society recognizes, in the financial statements, the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of financial position, including estimates inherent in the process of preparing the financial statements. The Society's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of financial position but arose after that date and before the financial statements are available to be issued. The Society has evaluated subsequent events through April 17, 2014 which is the date the financial statements were available to be issued.

#### NOTE 2. CONTRIBUTIONS RECEIVABLE

Contributions receivable represent gifts for which the Society has received notice from the donors of an unconditional promise to give, but remain unpaid at the statement of financial position date. An allowance for doubtful accounts is established by management based on past experience and analysis of current receivable collectability. It is the Society's policy to charge off uncollectible accounts when management determines the receivable will not be collected. Management has determined that no allowance is necessary at December 31, 2013.

Collection of the full receivable balance of \$15,075 is expected during 2014.

#### NOTE 3. PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	2013	2012
Furniture and equipment	\$ 25,175	\$ 26,013
Less: accumulated depreciation	 (23,992)	 (22,943)
	\$ 1,183	\$ 3,070

#### NOTE 4. FAIR VALUE OF ASSETS AND LIABILITIES

The Society accounts for its financial assets and liabilities under fair value accounting standards. These standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money market funds: Valued at fair value at quoted net asset value of shares, which are \$1 per share, at year

#### NOTE 4. FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Certificates of deposit: Valued at cost which approximates fair value.

Corporate bonds and U.S. government securities: Valued at the closing price reported on the major market on which the individual securities are traded or have reported broker trades which may be considered indicative of an active market. Where quoted prices are available in an active market, the investments are classified within level 1 of the valuation hierarchy.

Mutual funds: Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Society and are valued at the closing price reported on the active market on which the individual securities are traded.

The valuation methods used by the Society may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Society believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Society's investments, all of which are categorized as Level 1 at December 31, 2013 and 2012, are as follows:

	 2013	2012
Investments		·
Money market funds	\$ 22,025	\$ 46,424
Certificates of deposit	800,000	1,100,000
Government backed mortgages	49,491	16,376
U.S. Treasury notes	91,102	14,013
Corporate bonds	94,130	15,541
Mutual funds	102,761	-
Total investments	\$ 1,159,509	\$ 1,192,354
	 2013	2012
Investments restricted for endowment		
Government backed mortgages	\$ 146,767	\$ 365,677
U.S. Treasury notes	270,166	312,890
Corporate bonds	279,144	347,015
Mutual funds	304,739	-
Total investments restricted for endowment	\$ 1,000,815	\$ 1,025,582

#### NOTE 5. BOARD DESIGNATED NET ASSETS

The unrestricted designated net assets are amounts designated by the Board of Directors for future activities and programs of the Society. Activity in designated unrestricted net assets for the years ended December 31, 2013 and 2012 follows:

	 2013	 2012
Balance at beginning of year	\$ 52,551	\$ 305,585
Additions to Board designated net assets	64,000	-
Reductions of Board designated net assets	 (16,990)	 (253,034)
Balance at end of year	\$ 99,561	\$ 52,551

#### NOTE 6. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets relate to restricted contributions specified for the following purposes:

	2013	2012
Medical research	\$ 586,563	\$ 624,764
Family assistance programs	74,724	2,107
Future programs	15,025	24,800
Unappropriated endowment earnings	21	24,788
Balance at end of year	\$ 676,333	\$ 676,459

#### NOTE 7. ENDOWMENT FUND

The Society's endowment fund consists of fixed income securities. This fund consists of contributions made to establish a permanent endowment, the earnings from which are to be used to support the Society's operations. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based upon the existence or absence of donor-imposed restrictions.

#### **Composition and Activity of Endowment Funds**

Endowment net assets consist of all donor restricted endowment funds.

The changes in the endowment net assets for the years ended December 31, 2013 and 2012 follow:

	2013					
	Temporarily Permanently					
		Restricted		Restricted		Total
Balance at beginning of year	\$	24,788	\$	1,000,794	\$	1,025,582
Interest earned		18,666		-		18,666
Net depreciation (realized and unrealized)		(21,170)		-		(21,170)
Investment fees		(6,350)		-		(6,350)
Appropriation of endowment assets for expenditure		(15,913)				(15,913)
Balance at end of year	\$	21	\$	1,000,794	\$	1,000,815

#### NOTE 7. ENDOWMENT FUND (Continued)

	2012					
	,	Temporarily		Permanently		_
		Restricted	Restricted			Total
Polonge at beginning of year	\$	22 166	\$	1,000,794	\$	1,034,260
Balance at beginning of year Interest earned	Ф	33,466 21,959	Ф	1,000,794	Ф	21,959
Net appreciation (realized and unrealized)		13,523		-		13,523
Investment fees		(6,261)		-		(6,261)
Appropriation of endowment assets for expenditure		(37,899)				(37,899)
Balance at end of year	\$	24,788	\$	1,000,794	\$	1,025,582

#### **Interpretation of Relevant Law**

The Society holds all donor-restricted endowment contributions by requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Society classifies permanently restricted net assets as (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Society. In accordance with the law, the Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: the duration and preservation of the funds; the purposes of the Society and the donor-restricted endowment fund; the general economic conditions; the possible effect of inflation and deflation; the expected total return from income and the appreciation of investments; other resources of the Society; and the investment policies established by the Society.

#### **Return Objectives and Risk Parameters**

The Society aims to invest its financial assets to maximize total return consistent with an acceptable level of risk. The Society expects its endowment assets, over time, to produce an average rate of return of approximately 8% annually. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

#### **Strategies Employed for Achieving Objectives**

Cash is to be employed productively at all times, by investment in short term cash equivalents to provide safety, liquidity, and return or to reduce bank service charges.

Endowment assets will be invested in a well diversified asset mix, which includes time deposits and equity and debt securities, that are intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 4%, while growing the fund if possible.

### NOTE 7. ENDOWMENT FUND (Continued)

#### **Spending Policy and How the Investment Objectives Relate to Spending Policy**

The endowment policy provides that a distribution of up to 7% of the average net fair market value of the Fund's assets may be made annually to cover operations and overhead expenses; however, the distribution rates are 1.54% and 4% for 2013 and 2012, respectively. The policy has an additional provision for an emergency invasion of funds of up to 15% of the value of the fund during a calendar year, if required.

#### NOTE 8. RETIREMENT PLAN

The Society has adopted a Simple Retirement Account Program which provides a matching provision from the Society on employee contributions up to 3% of the employees' compensation. Matching contributions were approximately \$4,300 and \$4,200 in 2013 and 2012, respectively.

#### NOTE 9. LEASE COMMITMENT

The Society has entered into an operating lease agreement for the lease of office space having a remaining term in excess of one year. Rent expense was approximately \$27,000 and \$29,000 in 2013 and 2012, respectively. At December 31, 2013, the future minimum lease commitments are:

2014 2015 2016	\$ 27,000 28,000
2016	\$ 28,000 83,000
