

COURAGE PAGE REGISTRATION

Step 1: Go mpssociety.org and select Give from the menu. Within the subheadings, choose Other and then Courage Pages.

Step 2: Choose Register from the menu on the left-hand side of the page.

Courage Pages

Welcome to Courage Pages! Creating a Courage Page provides an opportunity for your Family to share your unique story, inc pictures, to assist you in raising awareness for MPS and related diseases. This page can be for in Honor or in Memory of someone with MPS or a related disease and can be used for Fundraising. **What is important is that you decide!**

Our hope is that through Courage Pages, you are enabled to share your rare disease story with loved ones, friends, colleagues physicians, legislators and anyone that wants to learn more about MPS and related diseases. Your story can include multiple photos and be updated as often by you as often as you like!

This is a terrific platform for raising funds and to tie into a fundraising event, you decide! **Families have raised over \$100,000 through Courage Pages and allocated the funds as they wanted – whether this is for syndrome specific research, family support or legislative efforts.**

Step 3: Fill out all required fields (marked with red asterisks).

Courage Pages
