Andre Andrews (ML II)

1/23/1994–5/5/2020

Submitted by his mother, Jane Andrews

Andre was my baby boy, my companion, and the center of my life and of all the lives that he touched. He was always looking out for his sisters and brothers, and he enjoyed his role as uncle to his niece and nephews. He helped his father with computer church activities and enjoyed the attention. He was an avid Carolina Panthers fan and was not going to change. He strived to do

everything he could. He bowled, he loved to play games, he attended college, and he loved to travel. He served as a youth director for bowling and advocated on Capitol Hill. He enjoyed being a part of the MPS society and traveling to conferences to meet everybody. He had an infectious smile that would light up a room and rarely, if ever, did he complain. He supported his friends as much as he could and had a heart bigger than the universe. His love was unconditional. He will always and forever be loved and cherished, not only by his family but in the heart of all of those who loved him. His time here was not long enough, and I wanted to make it as fulfilling as possible so he could have the life he so deserved.

Forever Dedicated to Grace

Our hero and inspiration, Grace was born on November 27, 2000. In 2005, Grace was diagnosed with MPS IIIB. Grace was an absolute bundle of joy, a pure ray of light who shined on all she met. There wasn't a human on earth that wouldn't smile from ear-to-ear when Grace was near. She loved food, running around the house with her sister, knocking things off of countertops, being with her friends and teachers at school and at home, watching the Power Puff Girls, and so many other fun exiting TV shows. She often laughed so hard that she would fall over! Grace worked happily with her teachers every day and was able to learn so much more than she ever would have without them. She never spoke, but learned how to hum "Twinkle Twinkle Little Star!" She might as well have gotten into Harvard! She was 100% perfect in our eyes. Grace was in so many ways what we all strive to be, completely at peace and lived every single moment of her life in the present moment. Sadly, Grace passed away in 2014 at the age of 13, but she left us with a beautiful gift. "Grace" means gift, so it makes sense.

From watching Grace work with her teachers, her mom and sister developed "Happy Habit" learning game for all children, grades Pre-K through 6. Visit us at www.GRACEPLAY.org.

Submitted by his parents, Julie and Craig Bevan

Noah B—

We love and miss you every day. You were my life. We miss you more than any words can express. But even though we are apart, we will always be together, forever. You were so brave, and so strong, you don't have to fight anymore.

Sanfilippo has gone from you forever. Run and play and do all those things you used to do when you could. Your time here with us was so short, but we know you aren't suffering any more, and you are within us forever. How beautiful that day will be when we are reunited as a family again. We love you forever, our shining star.

Christopher Biel (MPS II)

5/14/2001–7/19/2021

Submitted by his parents, Claudia and Tom Biel

Christopher had an extended family of teachers, aides, paras, bus drivers, caregivers, administrators, case managers, therapists, nurses, doctors, and very close family friends who loved him dearly and helped make his twenty years with us remarkable. Christopher had a habit of reaching in, grabbing your heart, and not letting go. He gave the best big hugs.

Nathan Ridge Bivens (MPS II)

10/19/1995–1/23/2013

Submitted by his parents, Rebecca and Keith Bivens

Because of Nathan, our family has been changed forever. He loved his family and to make others laugh. No matter the pain he was in, he always smiled and laughed. Nathan, you touched more lives in your short time on earth than anyone I know. Until we meet again, my love bug.

Autumn Cooper (MPS I)

Submitted by her mother, Catherine Cooper

Serrina Cooper (MPS I)

5/25/2000–2/25/2014

Submitted by her mother, Catherine Cooper

It is hard to believe it has been eight years since we said goodbye to you both. I take comfort in knowing you are together, healthy, happy, and safe. But you both left a hole in my heart that can never be filled. It is a permanent scar. Your time was cut so short, but I learned so much from you. Serrina, you made me a mom. You were feisty, curious, a great observer. You just seemed to take life in. Autumn, you were the daredevil. I think I earned every gray hair on my head because of you. You were the baby but higher functioning than Serrina. I learned true love, true compassion, true joy, and true endurance. While I can look back now and say I have absolutely no clue how I managed life with two severely medically fragile children, I know that I am a better person because of you both. Until we meet again, my angels in heaven—mommy loves you!

Aaron Daniel James Craig (MPS IIIA)

7/8/1993-1/29/2008

He has taught me so many lessons...love and miss you always and forever, My Dirty Old Toad.

Edward Wesley Woodard Curtis

(MPS II)

7/12/1999-3/15/2018

Submitted by his sister, Vyneshai Lawrence

I didn't know what to expect when my mom found out Edward had MPS II. We had good times, bad times, and times where we just didn't know what to do. But in those bad times, I could always go to Edward. I'd cry, and he'd hug me. He had no clue what I was talking about, but he'd look at me and give me a big smile. Those are just one of the memories that I'll miss. He brought so much light into so many people's lives, and he didn't even know it. He is gone, but he will never be forgotten.

Karina Guajardo (MPS IIIA)

1/28/1992–6/4/2021

*Submitted by her parents and sister,
Angela, Luis, and Anyssa Guajardo*

As we write this, it's been nine months since you left this world. Nine months that feel like nine years at times and nine days at others. No matter how much time passes, we will always miss you. We had the privilege of caring for you and having you guide us for 29 years. You taught us so much about life and love and brought so many wonderful

people into our lives. Even though for most of your life you did not have the ability to talk, we could sense the love you had for us, and you brought out such love in all those open to caring for you. What a beautiful thing for us to experience. The week you passed, we were given an Angelic sign: a beautiful white dove who came to sit outside your window to watch over you. This magnificent bird helped us immensely at the beginning of our grieving process. We find some comfort knowing you no longer have to suffer with Sanfilippo, and we believe that you can now run, laugh, and play again. So, even though we truly miss caring for you and living with your love, we will spend every day with the hope and faith that we will see you again. Unidos con Esperanza, amor y fe para siempre!

Martin Gulley (MPS IIIA)

3/22/2010–4/9/2021

Submitted by his family

Every day we celebrate Martin and the impact he had on so many. In his eleven years, Martin taught us all so much. He showed us that life is precious, to live every single day, and never take anything for granted. His strength and tenacity were unmatched. He handled everything Sanfilippo dealt him with a strength that we only wish we had.

He didn't communicate the way that most people do, but he always made his feelings known. If he was happy, you'd hear that infectious giggle accompanied by his beautiful smile. If he was angry or frustrated, he made that known, too, and we are sure many of us have the scars to prove it.

Our wish is that everyone continues to tell their stories about life with Martin. The ones about having to cover yourself to avoid those perfectly placed love taps. The fact that the word "hike" meant you better duck or be ready to catch whatever was coming your way, like a cash register. Wanting to rock so hard that the guitar just so happened to go through the tv.

Nothing will be the same without him, but he will live on through all of the people that were lucky enough to know him.

WHEN

When we see a son embrace his father,
when we hear a song about bravery,
when we see a bottle of French’s mustard,
when we burp extra-long and extra-loud,
when we see an old blue Honda Accord,

when we see a boy with a dog,
when we need a bear hug,
when we are asked at a restaurant, “How many in your party?”
when we sing your favorite songs,
when we dream of Heaven,
when we tell our stories of you,
when we are awake,
when we are asleep,
when we dream,
and when we breathe,
we miss you, sweet boy!

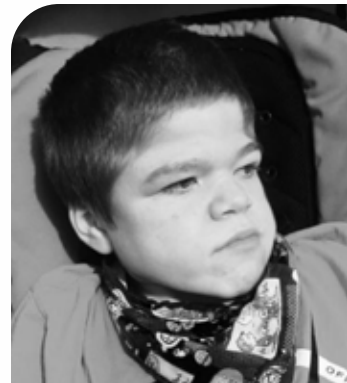

Ashtin Jobst (MPS II)

Submitted by his mother, Dana Hayner

My sweet Ashtin is extremely missed since his passing in 2021. He was the light of our family’s life, and we keep his memory alive by talking about him ALL of the time. Ashtin loved Spongebob and baseball more than anything, and we take comfort in knowing he is in heaven playing baseball and watching all of the Spongebob with Jesus. We love you and miss you so much, baby boy!

Keith Johnson Jr. (MPS IVA)

1/13/1993–10/29/2021

Submitted by his mother, Teresa Nichols

This handsome man is my son Keith Albert Johnson Jr. Keith was born January 13, 1993, and on October 29, 2021, at the age of 28, my handsome son went to meet God! Keith was full of life and always, no matter what, had the biggest smile you would ever see. He carried his bible with him everywhere he went, and every chance he got he would preach the word of God to you. There has not been one person that had the pleasure of meeting him that didn’t walk away with a smile on their face and a friend for life! Keith was a fighter until the very end, and when his time came, he was ready...he was ready to go to his Home in the Skies with God. I love you and miss you so much, son. I think of you every day and every night. Until we meet again, son, mommy loves you with all her heart!

Ryan's life was full in his short 16 years, as he loved participating in and watching many sports, especially baseball and basketball. He enjoyed going to see the Phillies and Wilmington Blue Rocks baseball teams and was an avid Villanova basketball fan. Ryan and his brother Brayden were honored at a Villanova basketball game in January of

2014, where they got to meet the team and also tour the facilities. Ryan also enjoyed therapeutic horseback riding every Sunday and was especially fond of riding on trains and running toy trains. Ryan's other activities included watching The Backyardigans on Nick Jr. and frequent trips to the Delaware beaches and orchards. Ryan's favorite places were Disney World, Dutch Wonderland, and Knoebels Amusement Park.

Jill Martin (MPS IVA)

1/24/1982–1/8/2022

Submitted by her mother, Wilma Jean Martin

Jill's name means sweetheart, and she always lived up to her name. Jill accepted her limitations, endured many surgeries, and spent the last couple years in a power chair, but she never complained or felt sorry for herself. She loved to make crafts, including 10-inch potholders, diamond painting, and candle toppers, which she usually donated or gave as gifts. She had a positive outlook on life and enjoyed each day with joy. She loved "her Jesus" and celebrated all the blessings He gave to her and that He gives to each one of us. She loved everyone and considered each of you part of those blessings! Jill was my constant companion and is deeply missed. My heart is shattered with her death but I thank God for the 40 years she was gifted to me.

I am still the proudest mother and the happiest person to call you my son. Your brother Darnell talks and carries you everywhere he goes. We love

you to the moon and back and all the stars in between, to infinity and beyond, our Superhero Matthew McHugh, forever 14.

Rachel Dawn Moxley (MPS IIIB)

9/6/1981-10/18/2020

Submitted by her family, Rita, Mike, Robyn, and Derek

Rachel loved singing and dancing. She especially loved musicals and Disney movies. She was a petite and beautiful young woman who liked to dress up and go to events. While MPS robbed her of many of her abilities, it did not take away her feisty spirit, which remained until the very end. We miss her every day and look forward to seeing her again in the next life, where we are sure she is singing with the other angels in the heavenly chorus. We love you, Rachel!

Logan Piefer (MPS II)

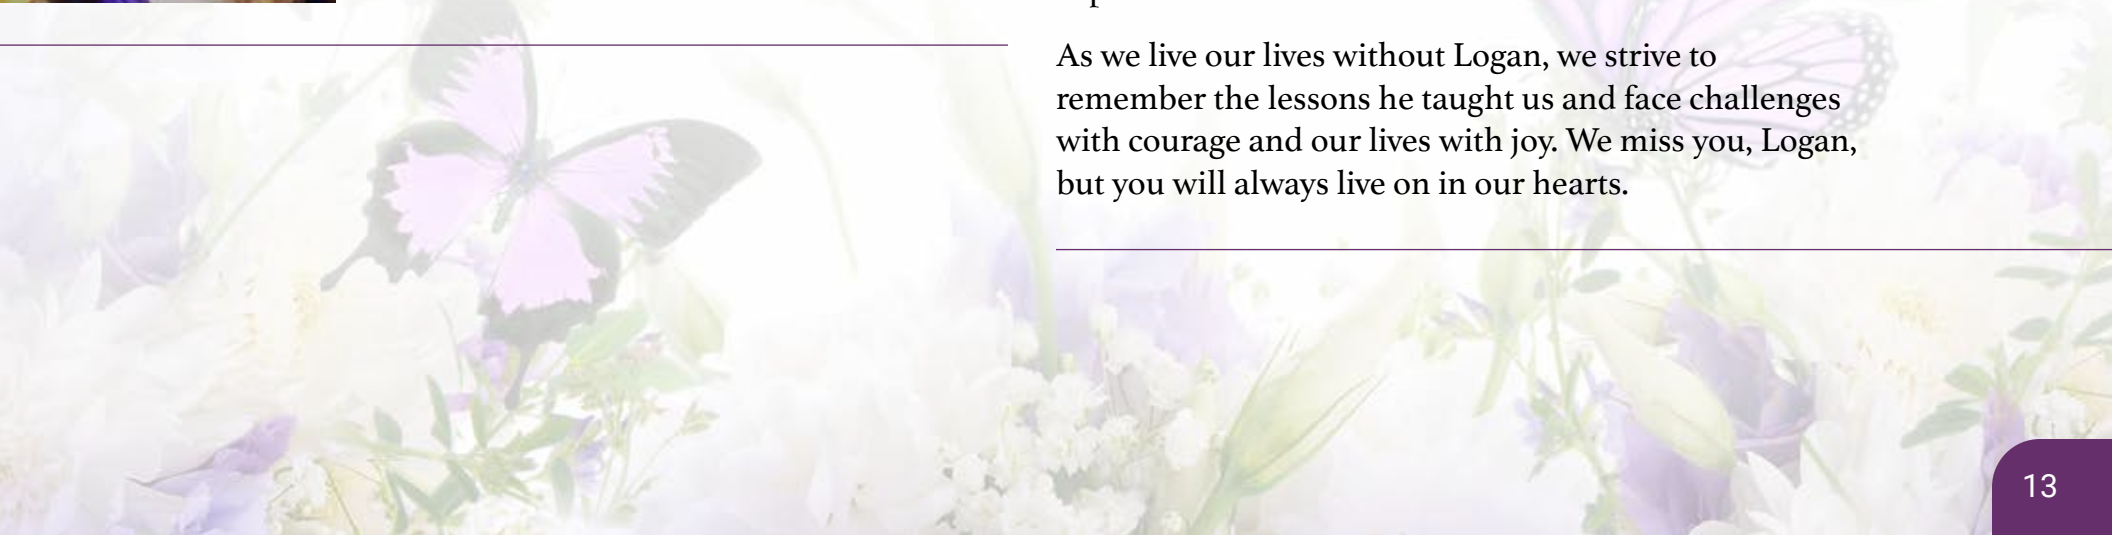

6/14/2003-3/15/2015

Submitted by his mother, Robin Piefer

Eleven years, nine months, one day, five hours, and 12 minutes is an incredibly short life. Logan was here with us for such a short time, but he touched the lives of everyone who knew him in some way. He was full of joy and laughter and shared both generously with those around him. He was a hand holder and a face patter, and he always made sure when he saw something funny that you saw it too. He had more courage than most adults. No matter what life threw at him, he took it in stride and usually kept a smile on his face.

As we live our lives without Logan, we strive to remember the lessons he taught us and face challenges with courage and our lives with joy. We miss you, Logan, but you will always live on in our hearts.

Jeremy Burke Price (MPS I)

10/24/1990-10/17/2020

Submitted by his parents, Burke and Wendy Price

Our sweet Jeremy passed away one week before his 30th birthday in October 2020. He was known for his smile and happy attitude, love for tie-dyed t-shirts, and eating ketchup with almost everything he ate. Friends and neighbors loved seeing him ride around the neighborhood in his wheelchair going super-

sonic speed to the nearby Walmart or Subway, and even the Domino's delivery guy looked forward to delivering his pizza. He was part of the medical study that led to Enzyme Replacement Therapy for MPS I and was proud to wear purple, his favorite color. His presence in our home is sorely missed, and we love him dearly.

Mia Rae Pruett (MPS IIIC)

Mia loved anything Disney, her brother with all her heart, and all animals. Mia loved hard, fought hard, lived hard, and was as stubborn as a mule. She made our lives so much better in every way. She was 19 when she decided to not wake up one day. Everything was done on Mia's terms, and I would not have expected anything else from our baby girl.

He was the best son a dad and mom could ever want. He was intelligent, kind, gentle, loved, and loving. He loved sports, loved to read, loved music (especially “Blondie” Debbie Harry). He did very well in school, and he had many friends. He had an Atari

800XL computer, dual Atari disk drives, a modem, and a printer. He could program in “BASIC,” was learning the computer language “C,” and he had a subscription to CompuServe. And he taught us how to love!

Gauge was our superhero. His blue eyes were more beautiful than the skies above, and his smile lit up the world. He was the sweetest, most courageous little fighter to ever walk this earth, and we miss more every day! Fly high, our sweet Super Gauge!

Grateful for the brief time I got to spend with my firstborn son. Clinton lives on not only in my heart, but in all the hearts he touched.

Alyson Von Handorf (MPS IIIA)

“A smile that could light up a room.”

Whenever Aly smiled, it made you smile and brightened your day. She made a difference in many lives. The lessons she taught us will live forever. People who knew her said she made them stronger and better people. That she had unconditional love. She would want our memory of her to be a happy one. When Aly was diagnosed back in 1991 by Dr. Hug, he looked at us and said, “your lives are changed forever.” And he was right, she changed ALL of our lives for the better.

Xavier Willis (MPS II)

7/13/2000–12/6/2021

Submitted by his parents and sister, Angela, Gregory, and Brittney Willis

Xavier and his twin brother, Zachary, are now in heaven together. Both were diagnosed with Hunter’s Syndrome around the age of four. Xavier was our little fighter (in more ways than one). He was on hospice for about six years with heart failure. He was not expected to live beyond his teens, but we were blessed to have Xavier with us until the age of 21. Xavier and Zachary will forever live in our hearts. We truly miss them both.

Zachary Willis (MPS II)

Submitted by his parents and sister, Angela, Gregory, and Brittney Willis

We were blessed to have Zachary with us for 13 years. He passed away just a few months before his 14th birthday. Zachary and his twin brother both loved music and watching Jesus of Nazareth. They will forever be missed and will remain in our hearts throughout eternity.
